JULY - AUGUST 2026

Six Years of Partnership, Thousands of Healthier Hearts

Child Heart Foundation and Concentrix proudly celebrated six years of partnership, marking a significant milestone in their shared commitment to pediatric cardiac care.

Over these six years, the collaboration has enabled heart screening for 3,000 children and supported life-saving treatment for 115 children with congenital heart defects. This milestone reflects the power of a sustained CSR partnership in turning early detection into timely treatment and hope into healthier futures.

PROGRAMME HIGHLIGHTS:

Empowering Frontline Workers to Recognize CHD Early

On 8 July 2026, Child Heart Foundation, with the support of Concentrix CSR, conducted a Congenital Heart Disease (CHD) awareness programme at UPHC Firoz Gandhi Colony, Sector 4, Gurugram, reaching 40 frontline healthcare workers. The session focused on CHD signs and symptoms, early detection, timely screening, and referral, empowering frontline workers to identify children who may need cardiac care.

Building Awareness for Healthier Little Hearts

With the support of ABB CSR, Child Heart Foundation organized a community awareness session at Rajiv Nagar Community Centre Hall, Faridabad, reaching 60 community members and Anganwadi workers. The session focused on Congenital Heart Disease (CHD), its early signs and symptoms, timely diagnosis and treatment, along with the importance of Fetal Echocardiography (Fetal Echo) when an abnormality is detected during the Level-II ultrasound in pregnancy. By empowering communities and frontline workers with the right knowledge, CHF and ABB are strengthening the pathway from early detection to timely heart care.

Taking Heart Care Closer to Communities

With the support of GAIL Gas CSR, Child Heart Foundation organized a Medical Health Camp at Village Arjunpur Naipurva, Mirzapur, Uttar Pradesh, bringing essential health screening closer to the community. A total of 140 people were screened, with 1 suspected case identified for further evaluation and follow-up.

We were pleased to have Mr. Prasanjeet from GAIL Gas join the initiative, strengthening our shared commitment to early detection, timely intervention, and accessible healthcare.

EVENTS :

🇮🇳 Freedom to Live. Freedom to Dream

This Independence Day, our little heart warriors and their families celebrated freedom, hope, and healthier beginnings with Child Heart Foundation.

Raksha Bandhan with Our Heart Warriors

Celebrating the beautiful bond of love, protection, and hope with our little heart warriors.

Strengthening Frontline Healthcare for Early CHD Detection

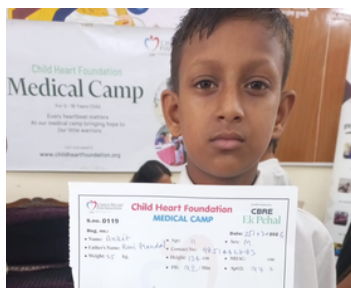

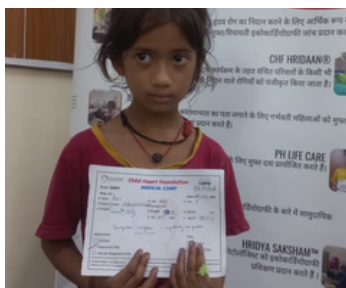

On 15 July 2026, Child Heart Foundation, with the support of Concentrix CSR, conducted a Congenital Heart Disease (CHD) awareness programme at PHC Garhi Harsaru, Gurugram. The session engaged 49 frontline healthcare professionals, including 30 ASHA workers, 7 ANMs, 3 Staff Nurses, and 9 hospital staff, strengthening their understanding of CHD, early identification, timely referral, and access to appropriate cardiac care.

Bringing Heart Screening Closer to Every Child

On 25 July 2026, Child Heart Foundation, under the CBRE – Ek Pehal Sehat Saathi CSR initiative, organized a Pediatric Heart Screening Camp at Government Middle School near Anganwadi Centre, Kherki Majra Village, Gurugram, Haryana.

A total of 158 children were screened, with 3 suspected cases identified for further cardiac evaluation and follow-up. Through community-based screening, CHF and CBRE continue to strengthen early detection and timely access to pediatric cardiac care.

148 Children Screened, 148 Steps Towards Healthier Hearts

On 18 July 2026, Child Heart Foundation, with the support of ABB CSR, successfully organized a Pediatric Medical Health Camp, providing essential heart screening services to children below 18 years of age. A total of 148 children were screened, helping families gain access to timely heart check-ups and guidance.

Through such community-based initiatives, CHF and ABB continue to bring early detection and essential cardiac care closer to children who need it most.

Empowering Frontline Workers, Strengthening Heart Care

On 29 July 2026, Child Heart Foundation, under the CBRE – Ek Pehal Sehat Saathi CSR initiative, conducted an awareness programme at PHC Daulatabad Village, Gurugram, Haryana, engaging 35 frontline healthcare professionals—11 ASHAs, 6 ANMs, 2 Medical Officers, 2 MLTs, 5 MBBS interns, and 9 PHC staff members.

The session focused on Congenital Heart Disease (CHD), Fetal Echocardiography, CHF's support programmes, and the upcoming Pediatric Cardiac OPD, helping strengthen timely identification, referral, and access to cardiac care for children and expectant mothers.

Early Screening, Timely Action, Healthier Hearts

On 18 August 2026, Child Heart Foundation, with the support of Concentrix CSR, organized a Pediatric Heart Screening Camp at Sushant Lok Phase 1, Gurugram. A total of 71 children were screened, with 1 child identified as a suspected CHD case for further evaluation and follow-up.

Empowering Frontline Workers to Detect CHD Early

On 19 August 2026, Child Heart Foundation, with the support of GAIL Gas CSR, conducted a CHD awareness session at UPHC Sheetla Mata Mandir, Gurugram, engaging 38 frontline healthcare workers. The session strengthened awareness about CHD signs and symptoms, early screening, timely diagnosis, and treatment, enabling frontline workers to guide families toward appropriate cardiac care.

On 27 August 2026, Child Heart Foundation, with the support of ABB India Foundation, organized a health camp at Harkesh Nagar, Faridabad, screening 155 children and identifying 3 suspected cases for further cardiac evaluation.

Spreading CHD Awareness, Strengthening Communities

On 19 August 2026, Child Heart Foundation, with the support of ABB CSR, conducted a CHD awareness session at an NGO Centre in Palla, Faridabad, reaching 34 women, NGO representatives, and frontline workers. The session focused on the early signs and symptoms of CHD, timely screening, diagnosis, and treatment, empowering participants to spread this vital knowledge within their families and communities.

Strengthening CHD Awareness at the Community Level

On 26 August 2026, Child Heart Foundation, with the support of Concentrix CSR, conducted a CHD awareness session at UPHC Rajender Park, Gurugram, engaging 32 participants. The session focused on early signs and symptoms of CHD, timely screening, diagnosis, referral, and treatment, helping strengthen awareness and early action at the community level.

SMALL HEARTS. BIG VICTORIES.

Every child treated between July and August 2026 represents a life saved, a family strengthened, and a future filled with hope.
