तीन साल की जंग के बाद धड़का अभिषेक का दिल

अधिक तंगी के बावजूद
मिली गई हिम्मी

तप सिंह, कुल मीडिया

बौदा(झरु)। जन्मजात हृदय रोग से जुड़े जलसुख बर्फीक के सिकंदर गांव निवासी तीन वर्षीय मासूम अभिषेक को आरिजकार नई जितने मिल गई। कठिन तीन वर्षों तक बीमारी से संघर्ष करने वाले अभिषेक का दिलवै के इंटरम अस्पताल में सफल हृदय ऑपरेशन किया गया। यह संभव हो सका राष्ट्रीय खात स्वास्थ्य कार्यक्रम (आयुष्मान्) के तहत, चार्लड हार्ट फाउंडेशन और इंटरम गैस लिमिटेड (आईसीएल) के संयुक्त प्रयासों से। सिकंदर गांव निवासी प्रतीक का पुत्र अभिषेक जन्म से ही फेबल हृदय रोग से पीड़ित था। आर्थिक रूप से

सहायोग से उनके बेटे को नया जीवन मिला है, जिसके लिए वे सभी के अग्रणी हैं। चार्लड हार्ट फाउंडेशन के सम्मन्धक ट्रस्टों एवं बाल हृदय रोग विशेषज्ञ डॉ. विकास कोहली ने बताया कि जन्मजात हृदय रोग से पीड़ित बच्चों को समय पर पारखन और उपचार बिना जल्दी है। सही समय पर फैसला और आवश्यक सहायता मिलने पर अधिकतर बच्चों का सफल इलाज संभव है। उन्होंने कहा कि संस्थ का उद्देश्य आर्थिक रूप से कमजोर परिवारों के बच्चों को गुणवत्तापूर्ण हृदय उपचार उपलब्ध कराने है। अभिषेक को यह कठानी सकाराती स्वास्थ्य सेवाओं, सामाजिक संस्था और कॉर्पोरेट सहायोग के सफल सम्मन्ध की निशान बन गई है। समय पर पारखन, उचित इलाज और आर्थिक सहायता ने एक मासूम को जितने बचा रहे और उसके परिवार को उम्मीदों को फिर से जीवित कर दिया।

कमजोर परिवार के लिए मरीज इलाज कराने संभव नहीं था। इसी दौरान आर्थिकरूपके तहत जलसुख को नजर बचने पर चले। तब वे जलसुख के बाद इंटरम गैस लिमिटेड (आईसीएल) उभे उपचार के लिए चार्लड हार्ट फाउंडेशन के पास चकर किया। चार्लड हार्ट फाउंडेशन ने बच्चों को

विकसितकारी जलसु, विशेषज्ञ परामर्श, अस्पताल चयन और उपचार प्रक्रिया का पुन सम्मन्ध किया। यहाँ उपचार के लिए आवश्यक आर्थिक सहायता इंटरम गैस लिमिटेड (आईसीएल) ने अपनी कॉर्पोरेट सामाजिक ज़ादादायवा (सोसलआर) योजना के

तहत उपलब्ध करा। इसके बाद दिल्ली स्थित इंटरम अस्पताल में विशेषज्ञ चिकित्सकों की देखरेख में अभिषेक का सफल इलाज कराने उनके लिए आसंभव था। आयुष्मान् के तहत चार्लड हार्ट फाउंडेशन और आईसीएल के

Three Years of Hope: One New Heartbeat

For three long years, little **Abhishek** and his family fought a relentless battle against a complex congenital heart defect. Diagnosed with **Tricuspid Atresia with NRGA/Restricted VSD**, his condition demanded continuous medical management and a life-saving **Bidirectional Glenn (BD Glenn) surgery**. However, the cost of treatment was far beyond the

family's means. Through the timely intervention of Child Heart Foundation, Abhishek received comprehensive support—from diagnosis and specialist consultations to **financial assistance** and successful cardiac surgery. Today, his heart beats stronger, giving him a renewed chance to **grow, play, and dream**. Abhishek's journey is a powerful reminder that early diagnosis, timely treatment, and compassionate support can transform a child's future. At **Child Heart Foundation**, we remain committed to ensuring that **no child is denied life-saving heart care because of financial hardship**.

PROGRAMME HIGHLIGHTS:

Early Diagnosis. Lifesaving Action. Together with Concentrix.

With the support of Concentrix, Child Heart Foundation held a Medical Camp in Gurgaon. On May 16, 2026

Together, we're bringing hope closer to home. With the support of Concentrix, Child Heart Foundation has now begun screening marginalized community Children below age 18 in sec 86 Nawada **Fatehpur Manesar Gurgaon** with a focus on the early detection of Congenital Heart Disease (CHD). **Screened 80+ Children** and over **2 was found with the suspected Heart murmurs**. their journey to timely treatment has now begun.

Awareness Session in UPHC chanderlok, gurugram

An awareness camp was organized at Gurugram UPHC Chanderlok, Sector 43, with the participation of 25 ASHA and ANM health workers. The session focused on spreading awareness about Congenital Heart Disease (CHD), its early symptoms, timely detection, and the importance of life-saving treatment support for children.

Medical Camp held in Basai Village, Gurugram by CHF & CBRE Ek Pehal

A medical health camp was organized at Basai Village, Haryana with the support of CBRE Ek Pehal. A total of **76 children were screened during the camp, and one suspected cases was identified for further medical evaluation and care.**

The initiative aimed to promote early detection and timely treatment, helping create healthier futures for children in need.

Awareness Program by Concentrix & CHF in PHC Bhorakala PHC Manesar Gurugram

Concentrix, in partnership with the Child Heart Foundation, organized an awareness program and medical camp at PHC Bhorakala for 35+ ASHA and ANM health workers and their children. The session focused on spreading awareness about Congenital Heart Disease (CHD), its early symptoms, timely detection, and available treatment support.

As frontline healthcare workers, ASHA and ANM staff play a vital role in identifying children at risk and helping save young lives. The program also highlighted how Child Heart Foundation supports underprivileged children with life-saving heart treatment and care, creating hope for healthier and brighter futures.

EVENTS :

Doctor's Day Celebration.

Child Heart Foundation celebrated Doctor's Day with our brave CHD heart warriors, and our Doctors. Child Heart Foundation are grateful to every doctor who stands with us in our mission to help children with congenital heart disease. Your hard work, compassion, and commitment give hope to families and save precious lives.

Birthday Celebration:

Child Heart Foundation celebrated employees' birthdays with our brave CHD heart warriors and their families, creating moments filled with joy, smiles, and togetherness. The celebration reflected the spirit of compassion and hope, making the day truly special for every child and family present.

CHF and ABB held Awareness Session in Maharajpur Dispensary, Faridabad

On 16th June, With the **Support of ABB India Foundation Foundation**, Child Heart Foundation conducted a maternal heart health awareness session at Mewla Maharajpur Dispensary, Faridabad, **reaching 45+ participants, including ASHA/ANM workers and 30+ expectant mothers**. The session emphasized the importance of Fetal Echocardiography (Fetal Echo) for early detection of Congenital Heart Disease (CHD) and informed families about access to timely diagnosis and life-saving treatment support. Through awareness and early intervention, we are helping ensure every child gets the healthiest possible start in life.

Concentrix & CHF: Spreading Awareness

On , 25 June 2026, under **Concentrix**, Child Heart Foundation conducted a successful awareness program with ASHA and ANM workers at **UPHC Gandhi Nagar kadipur**.

A total of 32+ frontline health workers participated, learning about early detection of **Congenital Heart Disease (CHD)**, symptoms to watch for, and how timely intervention can save young lives.

CHF & Concentrix takes Initiative for Helping needy Family

With the support of CBRE, CHF medical screening camp was organized at Gurugram, Chakkarpur village, through the initiative of Child Heart Foundation. During the camp, a total of **70+ children** were screened for congenital and other heart-related conditions. Out of the total children screened, **One child was identified as suspected cases**.

Empowering Every Mother. Strengthening Every Heart -

155 voices united for healthier pregnancies and brighter futures.

On 24 June, Child Heart Foundation, with the generous support of **CSR – KindCare**, Wings of Mankind Pharma, organized a large-scale awareness session in Wazirabad, North Delhi, bringing **together 155 participants, including 119 Anganwadi Workers and 36 pregnant women**.

The session focused on Congenital Heart Disease (**CHD**) awareness and the importance of Fetal Echocardiography (**Fetal Echo**) for early detection of heart defects during pregnancy. By equipping frontline workers and expectant mothers with life-saving knowledge, we are strengthening communities and ensuring that more children receive timely diagnosis and treatment.

CBRE: Spreading Heart Health Awareness

On , 18 June 2026, under **CBRE Ek Pehal**, Child Heart Foundation conducted a successful awareness program with ASHA and ANM workers at **Ayushman Arogya Mandir, Shukhrali, Sec- 17, Gurugram**, **A total of 35+ frontline health workers** participated, learning about early detection of **Congenital Heart Disease (CHD)**, symptoms to watch for, and how timely intervention can save young lives.

This initiative reflects the power of collaboration between corporate partners and community health workers in creating healthier futures for children.

SMALL HEARTS. BIG VICTORIES.

Every child treated between May and June 2024 represents a life saved, a family strengthened, and a future filled with hope.

Team Learning & Wellness Retreat - Dehradun & Sahastradhara

In June 2024, the Child Heart Foundation team embarked on an inspiring offsite to Dehradun and Sahastradhara—a journey that blended learning, team building, wellness, and exploration. The retreat provided an opportunity to reconnect with nature, strengthen collaboration, and gain fresh perspectives that inspire our work.

As we explored the region's natural beauty and local healthcare landscape, our team returned with renewed energy, stronger bonds, and an even greater commitment to serving children with congenital heart defects. A united team is the driving force behind every life we save and every family we support.
